### **MANAGER'S REPORT:**

#### **Eccologix Deer Management Program Proposal**

Ms. Slook provided an overview of two proposals from Eccologix to reinstitute a deer management plan in Upper Makefield Township in response to concerns about increased deer-vehicle accidents. Option 1 consists of a flat fee of \$22,350 for the harvesting of a maximum of 150 deer. Option 2 is a fixed payment of \$1,390 for every ten deer harvested, after an initial payment for insurance of \$1,500. Ms. Slook recommended Option 2 which would allow the Board to control the costs and direct the location of harvesting based on needs of the township. Mr. Cino expressed concern that accepting this proposal would affect the current balanced budget, and it is not the best use of Township funds to be spent on this service when services are already provided on a volunteer basis.

Eric Shade, owner of Eccologix, commented and engaged in discussion with the Board of Supervisors regarding deer per mile statistics in Upper Makefield, the State permitting process, relative laws that regulate deer hunting and liability issues.

Dan Johansson, 85 McConkey Drive, commented and requested clarification on the maximum expenditure being proposed and for the motion to reflect the maximum number of deer to be harvested. Following discussion, a motion was made by Mr. Baldwin and seconded by Mr. Breeden to accept the 2013 Eccologix Deer Management Program Proposal for a \$139.00 per deer for 150 deer maximum after an initial insurance fee of \$ 1500.00. Mr. Zarko provided an update of the project and recommended approval of a Change Order in the amount of \$6,240 for supplemental work that is outside of the scope of the Construction Contract and involves enhancements to the proposed Control System Modifications to improve the efficiency of operation and increase reliability. Following discussion, a motion was made by Mr. Baldwin and seconded by Mr. Cino to approve the Change Order in the amount of \$6,240. Motion carried by a unanimous vote.

##### **Act 537 Plan Status Update**

Mr. Zarko presented an Act 537 Plan Update as a follow-up to the presentation made at the January Board of Supervisors meeting. In response to questions posed by the Board, Mr. Zarko reviewed the boundaries of both the Taylorsville and Dolington Study Areas that were originally discussed at the outset of CKS' involvement with the Township's Act 537 Plan Update. He confirmed that the current boundary of the Taylorsville Study Area did not change from that utilized in the Draft Act 537 Plan Update Report that was released by the Township in 2010. However, the current Dolington Study Area was an expansion of the area used in the 2010 Draft Report which included eight (8) additional properties along Dolington Road and one (1) additional property on the northeasterly side of

Washington Crossing Road. In addition, Mr. Zarko explained there are other properties in close proximity to the current areas that the Board may want to consider adding to the Study Areas.

Discussion followed and Mr. Cino stated his concern of expanding the Study Areas when he was not clear as to whether it had been definitively established that the properties that are located within the current limits of the Study Areas have a problem. Mr. Rattigan asked Mr. Zarko to educate the residents and the Board at upcoming meetings as to the basis for including properties within the Study Areas. Mr. Rattigan stated the decision concerning expanding the Study Areas can be made later in the process. Mr. Breeden questioned other solutions to this problem, and Mr. Zarko said he was looking into his suggestions.
