Earned Income Tax

The Earned Income Tax is unique in that it is taken out of wages where you work, yet it is owed where you live. For example, an Upper Makefield resident whose employer does not deduct this tax because the employer is located in a township where there is no earned income tax still owes the 1% tax to Upper Makefield Township. In such a case, estimated quarterly payments would have to be made directly to our Earned Income Tax Collector, Keystone Collections Group. At the beginning of each year, Keystone Collections Group sends out tax forms to everyone who filed a return the previous year. If you are a new resident, you can find additional information for filing on Keystone's website www.keystonecollects.com.
